

MSDBA Feeder Divisions 2016-17

FEEDER DIVISIONS

The new Mixed Feeder Combi Division has proved very successful and we are now able to field Mens, Ladies and Mixed Combi Divisions as below:

1. Mens Div 3 / Feeder
 2. Ladies Div 2 / Feeder
 3. Mixed Div 3 / Feeder
-

This is intended for the following players :

1. To help juniors to step up from the Junior League
 2. For weaker adults to move forwards to compete in the main league.
 3. To be incorporated as an extra division within the league
-

Structure & Matches:

We are continuing with the same structure as originally played as below and hope this will continue to grow

4. These would be Combination Leagues exactly as played in the Main Divisions (Mixed / Mens / Ladies Combi Leagues) Details on our website under 'Regulations' see link below
5. A match between two teams shall comprise of 6 rubbers, a rubber being the best of three games to 21 with setting.
6. Players in teams will be as follows:
 - a. Mixed Combi Feeder: 2 male + 2 female players
 - b. Mens Combi Feeder: 4 male players
 - c. Ladies Combi Feeder: 4 female players
7. Teams can be made up of juniors and/or adults in any combination
8. Matches to be played home and away.
9. This will not affect their eligibility to play in any of the other MSDBA divisions

As it is still a totally new concept, we want to leave any restrictions open for the moment and monitor it as we go along. When we see how it all works we can make adjustments accordingly if necessary.

The main intention is to encourage more players who may not have the opportunity to compete in teams at this level to compete and join in the MSDBA league
